In this context, the HSP and the LHIN agree that the provision of services to the local health system by the HSP will be funded as set out in this Agreement.

(a) Funding will be placed in an interest bearing account at a Canadian financial institution.

(b) Interest Income must be used, within the fiscal year in which it is received, to provide the Services.

- (c) Interest Income will be reported to the LHIN and is subject to a year end reconciliation. In the event that some or all of the Interest Income is not used to provide the Services,
 - (i) the LHIN may deduct the amount equal to the unused Interest Income from any further Funding instalments under this or any other agreement with the HSP; and/or
 - (ii) the LHIN may require the HSP to pay an amount equal to the unused Interest Income to the Ministry of Finance.

4.7 **GST.** The HSP:

- (i) acknowledges that all GST rebates it anticipates receiving from the use of the Funding have been incorporated in its Budget;
- (ii) agrees that it will advise the LHIN if it receives any unanticipated GST rebates from the use of the Funding, or from the use of funding received from either the LHIN or the MOHLTC in years prior to this Agreement that was not recorded in the year of the related expenditure;

5.2 **Provision for the Recovery of Funding.** The HSP will make reasonable and prudent provision for the recovery by the LHIN of any Funding for which the conditions of Funding set out in subsection 4.5 are not met and will hold this Funding in accordance with the provisions of subsection 4.6 until such time as reconciliation and settlement has occurred with the LHIN. Interest earned on Funding will be reported and recovered in accordance with subsection 4.6.

5.3 **Settlement and Recovery of Funding for Prior Years.**

(a) The HSP acknowledges that settlement and recovery of Funding can occur up to seven years after the provision of Funding.

(b) Recognizing the transition of responsibilities from the MOHLTC to the LHIN, the HSP agrees that if the parties are directed in writing to do so by the MOHLTC, the LHIN will settle and recover on behalf of the MOHLTC, and the HSP will enable the recovery of funding provided to the HSP by the MOHLTC in fiscal 2000/01 and every subsequent fiscal year up to and including 2006/07. All such settlements and recoveries will be subject to the terms applicable to the original provision of funding.

5.4 **Debt Due.**

(a) If the LHIN requires the re-payment by the HSP of any Funding the amount required will be deemed to be a debt owing to the LHIN by the HSP. The LHIN may adjust future funding instalments to recover the amounts owed or may, at its discretion direct the HSP to will pay the amount owing to the LHIN

(b) All amounts repayable to the LHIN will be paid by cheque payable to the "Ontario Minister of Finance" and mailed to the LHIN at the address provided in section 13.1.

(b) **Multi-Year Planning.** The CAPS will be in a form acceptable to the LHIN and will incorporate (i) prudent multi-year financial forecasts; (ii) plans for the achievement of performance targets; and (iii) realistic risk management strategies. It will be aligned with the LHIN's Integrated Health Service Plan and will reflect local LHIN priorities and initiatives. If the LHIN has provided multi-year planning targets for the HSP, the CAPS will reflect the planning targets.

(c) **Multi-year Planning Targets.** Schedule B may reflect an allocation for the first fiscal year of this Agreement as well as planning targets for up to two additional years, consistent with the Term of the Agreement. In such an event,

(i) the HSP acknowledges that if it is provided with planning targets, these targets are (A) targets only, (B) provided solely for the purposes of

planning, (C) are subject to confirmation and (D) may be changed at the discretion of the LHIN. The HSP will proactively manage the risks associated with multi-year planning and the potential changes to the planning targets.

6.2 Community Engagement & Integration Activities

(a) **Community Engagement.** The HSP will engage the community of diverse persons and entities in the area where it provides health services when setting priorities for the delivery of health services and when developing plans for submission to the LHIN including but not limited to CAPS and integration proposals.

6.3.2 **LHIN Evaluation of the Pre-proposal:** A pre proposal is not formal notice of a proposed integration under s. 27 of the Act. LHIN consent to develop the

project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does LHIN consent presume the issuance of a favourable decision, should such a decision be required by section 25 or 27 of the Act. Following the LHIN's review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the LHIN.

- 6.4 **Proposing Integration Activities in the Planning Submission.** No integration activity described in subsection 6.3 may be proposed in a CAPS unless the LHIN has consented, in writing, to its inclusion pursuant to the process set out in 6.3.2
- 6.5 **Definitions.** In this section 6.0 the terms “integrate”, “integration” and “services” have the same meanings attributed to them in subsection 2(1) and section 23 respectively of the Act. Specifically:

and “integration” has a similar meaning; and

- (ii) “service” includes,
 - (a) a service or program that is provided directly to people,
 - (b) a service or program, other than a service or program described in clause (a), that supports a service or program described in that clause, or

7.3 Performance Meetings

- (a) During a meeting on performance, the parties will:
 - (i) discuss the causes of a Performance Factor;
 - (ii) discuss the impact of a Performance Factor on the local health system and the risk resulting from non-performance; and
 - (iii) determine the steps to be taken to remedy or mitigate the impact of the Performance Factor (the “Performance Improvement Process”).

7.4 The Performance Improvement Process. The Performance Improvement Process will focus on the risks of non-performance and problem-solving. It may include:

- (i) a requirement that the HSP develop and implement an improvement plan acceptable to the LHIN and that maximizes overall performance while achieving a balanced budget over a fixed multi-year term;
 - (ii) a revision and amendment of the HSP’s obligations; and or
 - (iii) an in-year, or year end, adjustment to the Funding;
- among other possible means of responding to the Performance Factor or improving performance.

ARTICLE 8 - REPORTING, ACCOUNTING AND REVIEW

(d) **Financial Reductions.** Notwithstanding any other provision of this Agreement, and at the discretion of the LHIN, the HSP may be subject to a financial reduction in any of the following circumstances:

- (i) its CAPS is received after the due date;
- (ii) its CAPS is incomplete;
- (iii) the quarterly performance reports are not provided when due; or
- (iv) financial and/or clinical data requirements are late, incomplete or inaccurate,

(c) HSP's obligations under this paragraph will survive any termination or expiration of the Agreement.

8.3 Document Retention and Record Maintenance. The HSP agrees

- (i) that it will retain all records (as that term is defined in the *Freedom of Information and the Protection of Privacy Act*) related to the HSP's performance of its obligations under this Agreement for seven (7) years after the termination or expiration of the term of the Agreement. The HSP's obligations under this paragraph will survive any termination or expiry of the Agreement;

11.2 **Ibid.** For greater certainty and without limiting subsection 11.1, the LHIN is not liable for how the HSP and its personnel carry out the Services and is therefore not responsible to the HSP for such Services. Moreover the LHIN is not contracting with or employing people for the HSP to carry out the terms of this Agreement. As such, it is not liable for contracting with, employing or terminating a contract or the employment of any personnel of the HSP required to carry out this Agreement, nor for the withholding, collection or payment of any taxes, premiums, contributions or any other remittances due to government for the personnel required by the HSP to carry out this Agreement.

11.3 **Indemnification.**

(a) **"Indemnified Parties"** means the LHIN and its officers, employees, directors, independent contractors, subcontractors, agents and assigns and her Majesty the Queen in Right of Ontario and her Ministers, appointees and employees, independent contractors, subcontractors, agents and assigns.

The HSP further agrees to indemnify and hold harmless the Indemnified Parties for any incidental, indirect, special or consequential damages, or any loss of use, revenue or profit, by any person, entity or organization, including without limitation the LHIN, claimed or resulting from such Claims.

11.4 **Commercial General Liability Insurance.**

(a) **Required Insurance.** The HSP will put into effect and maintain, with insurers acceptable to the LHIN, for the period during which the Agreement is in effect, at its own expense Commercial General Liability Insurance, for third party bodily injury, personal injury and property damage to an inclusive limit of not less than two million dollars per occurrence and not less than two million dollars products and completed operations aggregate. The policy will include the following clauses:

- (ii) Contractual Liability;
- (iii) Products and Completed Operations Liability;
- (iv) A valid WSIB Clearance Certificate, or Employers Liability and Voluntary Compensation, which ever applies;

- (vii) A thirty Day written notice of cancellation.

(b) **Certificates of Insurance.** The HSP will provide the LHIN with proof of the insurance required by the Agreement in the form of a valid certificate of insurance that references the Agreement and confirms the required coverage, on or before the commencement of the Agreement, and renewal replacements on or before the expiry of any such insurance.

ARTICLE 12 - TERMINATION OF AGREEMENT

12.1 Termination by the LHIN.

- (a) **Without Cause.** The LHIN may terminate the Agreement at any time, for any reason, upon giving at least sixty Days Notice to the HSP.
- (b) **Where No Appropriation.** If, as provided for in section 4.3, the LHIN does not receive the necessary funding from the MOHLTC, the LHIN may terminate the Agreement immediately by giving Notice to the HSP.
- (c) **For Cause.** The LHIN may terminate the Agreement immediately upon giving Notice to the HSP if:
 - (i) in the opinion of the LHIN:
 - A. the HSP has knowingly provided false or misleading information regarding its funding request or in any other communication with the LHIN;
 - B. the HSP breaches any material provision of the Agreement;
 - C. the HSP is unable to complete or has discontinued the Services; or
 - D. it is not reasonable for the HSP to continue to provide the Services;
 - (ii) the nature of the HSP's business, or its corporate status, changes so that it no longer meets the applicable eligibility requirements of the program under which the LHIN provides the Funding;
 - (iii) the HSP makes an assignment, proposal, compromise, or arrangement for the benefit of creditors, or is petitioned into bankruptcy, or files for the appointment of a receiver; or
 - (iv) the HSP ceases to carry on business.
- (d) **Transition Plan.** In the event of termination by the LHIN pursuant to this subsection, the LHIN and the HSP will develop a transition plan, acceptable to the LHIN that indicates how the needs of the HSP's clients will be met following the termination and how the transition of the clients to new service providers will be effected in a timely manner.

12.2 Termination by the HSP.

- (a) The HSP may terminate the Agreement at any time, for any reason, upon giving 6 months notice to the LHIN provided that the notice is accompanied by
 - (i) satisfactory evidence that the HSP has taken all necessary actions to

authorize the termination of the Agreement, including if the HSP is:

- A. an Indian Band, as defined under the *Indian Act*, passing a Band Council Resolution;
- B. a Municipality passing a municipal by-law or resolution; or
- C. a corporation passing a board resolution;

authorizing the HSP to terminate the Agreement with the LHIN; and

- (ii) a transition plan, acceptable to the LHIN that indicates how the needs of the HSP's clients will be met following the termination and how the transition of the clients to new service providers will be effected within the six month notice period.

(b) In the event that the HSP fails to provide an acceptable transition plan, the LHIN may reduce Funding payable to the HSP prior to termination of the Agreement to compensate the LHIN for transition costs.

12.3 Opportunity to Remedy.

(a) Opportunity to Remedy. If the LHIN considers that it is appropriate to allow the HSP an opportunity to remedy a breach of the Agreement, the LHIN may give the HSP an opportunity to remedy the breach by giving the HSP Notice of the particulars of the breach and of the period of time within which the HSP is required to remedy the breach. The Notice will also advise the HSP that the LHIN will terminate the Agreement

- (i) at the end of the notice period provided for in the Notice if the HSP fails to remedy the breach within the time specified in the Notice; or
- (ii) prior to the end of the notice period provided for in the Notice if it becomes apparent to the LHIN that the HSP cannot completely remedy the breach within that time or such further period of time as the LHIN considers reasonable, or the HSP is not proceeding to remedy the breach in a way that is satisfactory to the LHIN.

(b) Failure to Remedy. If the LHIN has provided the HSP with an opportunity to remedy the breach, and:

- (i) the HSP does not remedy the breach within the time period specified in the Notice;
- (ii) it becomes apparent to the LHIN that the HSP cannot completely remedy the breach within the time specified in the Notice or such further period of time as the LHIN considers reasonable; or
- (iii) the HSP is not proceeding to remedy the breach in a way that is satisfactory to the LHIN,

then the LHIN may immediately terminate the Agreement by giving Notice of termination to the HSP.

12.4 Consequences of Termination.

(a) If the Agreement is terminated pursuant to this Article, the LHIN may:

- (i) cancel all further Funding instalments;
- (ii) demand the repayment of any Funding remaining in the possession or under the control of the HSP;
- (iii) determine the HSP's reasonable costs to wind down the Services; and
- (iv) permit the HSP to offset the costs determined pursuant to subsection (iii), against the amount owing pursuant to subsection (ii).

(b) Despite (a), if the cost determined pursuant to section 12.4(a) (iii) exceeds the Funding remaining in the possession or under the control of the HSP the LHIN will not provide additional monies to the HSP to wind down the Services.

12.5 **Effective Date.** The effective date of any termination under this Article will be the last Day of the notice period, the last Day of any subsequent notice period or immediately, which ever applies.

12.6 **Corrective Action.** Despite its right to terminate the Agreement pursuant to this Article, the LHIN may choose not to terminate the Agreement and may take what ever corrective action it considers necessary and appropriate, including suspending Funding for such period as the LHIN determines, to ensure the successful completion of the Services in accordance with the terms of the Agreement.

C. Situation Analysis

Significant Budgetary and Operational Issues

-we are projecting a 2% increase in funding for 2009-10 and 2010-11 as per LHIN instructions

-One recent trend is a more frequent referral of clients with mental illness.
 -A second trend is the increasing prevalence of prescription opiates (Percocets, etc). More and more clients are reporting addictions of this type. However, detox or tapering programs for this type of addiction are rare with long waiting lists.

Business Assumptions and Rationale

-We anticipate a steady, consistent rate of referral for our LHIN funded programs.
 -We hope that future funding increases will match the annual 1.5% increase that is associated with our current collective agreement. When funding increases do not keep up with our collective agreement we run the risk of having to reduce Full Time Equivalent positions.

-A second business assumption is the ongoing availability of qualified addictions/sexual assault and problem gambling counsellors. The job market in North Bay has been very competitive over the past fiscal year. It is especially difficult to find bilingual contract addictions workers needed to replace sick leaves or maternity leaves. The complex clients that we are seeing require experienced and well trained clinicians.

Funding Plan

- Funding for our Substance Abuse Program provides us 4.88 FTE's
- Funding for our Sexual Assault Program provides us 0.94 FTE's
- Funding for our Problem Gambling Program provides us 0.73 FTE's
- These figures include our program admin personnel.

-funding from the Ministry of Community and Social Services Youth Addictions Treatment Program will compliment our addictions program. By combining these positions into one addictions team, we can provide an integrated program and create additional efficiencies.

Systemic Challenges and Opportunities

- Currently, we have a high number of serious mental health clients attending the Addictions Program. The clinical features associated with concurrent disorders require more intensive case management and external referrals. Our district has a shortage of community psychiatric services for these clients. Our addictions program also encounters many complex, multi-problem clients with symptoms for which few other community supports exist. These include male victims of sexual assault, marital, couple and family counselling, eldercare, mental health and medical issues. When these issues are associated with an addiction, the treatment regime is more complex and long term.
- We have participated in some preliminary discussions with the Nipissing Mental Health and Housing Support Services to find administrative efficiencies. We look forward to pursuing these options during the fiscal years 2009-11.

D. Evaluation of Prior Year Performance

our 2nd quarter report shows:

- a 34% increase in service volume in the Addictions program.
- a 102% increase in service volume in the Sexual Assault program
- a 20% decline in problem gambling service volume
- at mid-year, we have yet to complete many of the group and individual targets.
- we anticipate meeting most of these targets at year end.

E. Changes to Operations Summary (Optional)

- we are not anticipating any changes to our operations in the coming fiscal year.

ACTIVITY	MEASURE/OBLIGATION
Board Policy - Commitment to Integration	<p>The HSP Board agrees to adopt a "Commitment to Integration" policy, as outlined in the "North East Local Health Integration Network INTEGRATION STRATEGY" document, by September 30, 2009.</p>
French Language Services	<p>The organization will continue to ensure equity of access to and accessibility of programs/services in French for the Francophone population. Based on the information provided by the organization in the French Language Services Report (2008), the base line FLS equity index for the organization is 0.08. The goal of the organization is to improve access and accessibility of programs/services in French for the Francophone population by 10% by March 31, 2011. The targeted FLS equity index for 2010/11 is 0.10.</p> <p>The LHIN will review the organization's progress towards achieving its target in March 2010. The LHIN will advise the organization of the FLS reporting process in advance of the review. The review process will be assisted by the Northern Office of French language Health Services.</p> <p>The following provides a definition of the FLS equity index indicator and the indicator calculation:</p> <p>Indicator Definition: An organization's FLS equity index of "1" suggests that access to and accessibility of services are fully equitable for the Francophone population. In this case Francophones accessing the organizations services have equitable access to services in French. An organization's FLS index of "0" means nothing is happening to ensure access to accessibility of services in French for the Francophone population. In this case access to Francophone services are not integrated in the organization's service planning process. An organization's FLS index greater than "1" suggests that access to and accessibility of services in French are more than equitable for the Francophone population.</p> <p>Indicator Calculation: Numerator: # FTE services accessible (incl. available) in French in the organization / Total French speaking population in organization's catchment population. Denominator: # FTE services accessible (incl. available) in the organization / Total population in organization's catchment population. Organization FLS Equity Index Indicator Calculation: (Numerator/ Denominator)</p>
Fund Type 1 and Fund Type 3	<p>Any Revenues or Expenses identified as Fund Type 1 or Fund Type 3, on "Schedule B - Budget 2009/11, Page 1 of 3", reflect values provided by the HSP. The LHIN has not verified the accuracy of the submitted values, if any. It is understood and agreed that the LHIN is not approving or endorsing Fund Type 1 or Fund Type 3 revenues or expenses which are contained in The Agreement.</p>
